

PRO-UNIV-GB MULTI-PURPOSE UNIVERSAL COIL CLEANER

Pro-Universal is a high performance coil cleaner that can be used on both evaporator and condenser coils to provide safe and highly effective cleaning with a minimum of time and effort. Pro-Universal also leaves a protective coating on the coils to make future cleanings easier. Pro-Universal may also be applied to condensate trays to clean and protect metal surfaces.

FEATURES

- Ideal for indoor and outdoor coils
- Degreaser and detergent for effective cleaning
- Metal-safe and protects coils
- NSF registered as a **FOOD-SAFE** product for use in food preparation and storage areas

INSTRUCTIONS

Wear eye and skin protection when mixing or applying product to avoid irritation. Turn off unit before cleaning. Pro-Universal should be diluted in a plastic container or low pressure sprayer and applied liberally to coil surface. Allow 5-10 minutes for solution to react and dissolve contaminants and provide initial coil protection. Pro-Universal is self rinsing on evaporator coils but rinsing with clean water is recommended for condenser coils.

CONDENSORS: Mix 6 parts water with 1 part Pro-Universal. Higher dilution rates can be used for regular equipment maintenance.

EVAPORATORS: Mix 10 parts water with 1 part Pro-Universal. No need to rinse evaporator coils as condensate will rinse them.

SAFETY

CONTAINS: Potassium hydroxide: EC number 215-181-3 and Sodium silicate: EC number 239-981-7

DANGER! Causes severe skin burns and eye damage. Keep out of reach of children. Read label before use. Do not breathe mist, vapours, or spray. Wear rubber, nitrile or neoprene protective gloves and clothing, and safety goggles or face shield to protect eyes and face. Store locked up and in a plastic container or one with a resistant inner liner. Dispose of contents and container in accordance with international and local regulations. Keep only in original container. Absorb spillage to prevent material damage.

FIRST AID: IF SWALLOWED: Rinse mouth. Do NOT induce vomiting, immediately call your National Poison Centre information service or a doctor. For additional information, consult the Safety Data Sheet (SDS). **IF ON SKIN (or hair):** Remove immediately all contaminated clothing. Rinse SKIN with water/shower for a minimum of fifteen minutes. If irritation persists or burns are present, immediately call your National Poison Centre information service or a doctor. Wash contaminated clothing before reuse. **IF INHALED:** Remove victim to fresh air and keep at rest in a position comfortable for breathing. Immediately call your National Poison Centre information service or a doctor. **IF IN EYES:** Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Immediately call your National Poison Centre information service or a doctor.

Suitable extinguishing media for the surrounding fire should be used.

See Safety Data Sheet for further details regarding safe use of this product.
